# think3 - styling in a hybrid modeling environment with GSM<sup>3</sup>

**think3** – started in 1979, is a global player in CAD & PLM market. Think3 represents the new global generation of design technology and offers unique solutions combining solids & surfaces. With its break through technology called “Global shape modeling” the creativity and productivity of designers & engineers is enhanced manifold.

## Modules Covered

- Introduction to think design user interface
- 2D Environment
- Solid Modeling
- Drawings from 3D
- Managing assemblies
- Wireframe Modeling
- Surface modeling
- Global Shape Modeling
- Free Form Modeling
- Rendering

### Duration

Full Time : 4 Weeks, Part Time : 8 Weeks

Course Fee :

**UMS Technologies Training Centre**

734, Avinashi Road, Next to President Hall, Coimbatore - 18.
